

Strong Corrosion Resistant Steel Bar Stainless Steel Round Bar Bar For Construction And Decor

Our Product Introduction

Basic Information

- Place of Origin: china
- Brand Name: Sheng Quan
- Certification: ISO9001:2000
- Model Number: 201/304/304L/316/316L/321/309/310
- Minimum Order Quantity: 1ton
- Price: USD1500-USD6000
- Packaging Details: Standard Export Sea-Worthy Packing
- Delivery Time: 5-15days
- Payment Terms: L/C, T/T, Western Union
- Supply Ability: 15000Tons

Product Specification

- Thickness Tolerance: $\pm 0.01\text{mm}$
- Origin: Jiangsu China(Mainland)
- Trading Terms: FOB CIF CFR EXW Ect
- Processing Service: Bending, Cutting
- Dimensions: From 4mm To 500mm
- Advantages: Strong Corrosion And Decorative Effect
- Grade: Stainless Steel Bar
- Material: Stainless Steel
- Highlight: **Decor Stainless Steel Round Bar,
Construction Stainless Steel Round Bar,
Strong Stainless Steel Round Bar**

Product Description

Product Description:

These Stainless Steel Rods are available in various trading terms such as FOB, CIF, CFR, EXW, and more. This makes them highly versatile and suitable for a wide range of applications. The special use of these Cold Heading Steel Rods makes them ideal for use in applications where high strength and durability are required.

The Stainless Steel Bar is a versatile and reliable product that can be used in a variety of applications. These Steel Rods can be used in the construction industry, as well as in the manufacturing of machinery, tools, and equipment. The durability and strength of these SS Rods make them ideal for use in harsh environments and high-stress applications.

The high-quality material used in the manufacturing of these Stainless Steel Rods ensures that they are resistant to corrosion and rust. This makes them highly suitable for use in applications where exposure to moisture and harsh chemicals is common.

Overall, the Stainless Steel Bar is a reliable and durable product that is suitable for a wide range of applications. Whether you are working in the construction industry or manufacturing machinery, these Steel Rods are sure to meet your needs. With their precision and accuracy, as well as their resistance to corrosion and rust, these SS Rods are a great investment for any business.

Product Name	Bright Stainless steel rod	
Material	201 304,304L,309S,310S,316,316L,316Ti,317,317L,321,347H,2021,202,405,409, 410,420,430,etc	
Type	Round Bar	
Surface	Bright Polished	
Diameter	Round Bar	Diameter: 3mm~50mm
Length	3m-6m or custom cutting any length as request	
Quality test	we can offer MTC (mill test certificate)	
MOQ	300 kgs	
Payment terms	L/C T/T (30%DEPOSIT) or upon negotiation	
Stock or not	in stock	
Packing	Bundled,wooden box for export standard package	
Delivery time	7-15 days,or according to the order quantity or upon negotiation	

Features:

Product Name: Stainless Steel Rod

Type: Round, Square, Flat, Angle

Dimensions: From 4mm To 500mm

Dimension: 20*20*3mm-100*100*12mm

Processing Service: Bending, Cutting

Trading Terms: FOB, CIF, CFR, EXW, Ect

This product can also be referred to as Stainless Steel Round Bar or SS Rod.

Applications:

Our stainless steel rods come in different shapes, including round, square, flat, and angle. The round shape is ideal for use as a metal round rod, while the square shape is suitable for construction and engineering projects. The flat shape is perfect for creating brackets and supports, while the angle shape is ideal for creating frames and structures that require reinforcement.

The stainless steel rod is a versatile product that can be used in various applications and scenarios. The SS rod is commonly used in the construction industry for building structures, such as bridges, buildings, and highways. The steel round rod is also used in the automotive industry for manufacturing parts and components, such as axles, engine components, and suspension parts.

Other applications for our stainless steel rods include use in the manufacturing of kitchen utensils, medical equipment, and chemical processing equipment. The stainless steel rods are also used in the marine industry for manufacturing boat fittings, propeller shafts, and marine hardware.

Our minimum order quantity is 1 ton, and our prices range from USD1500-USD6000, depending on the model and quantity ordered. We also offer standard export sea-worthy packaging and delivery within 5-15 days. Our trading terms include FOB, CIF, CFR, EXW, and others. We accept various payment terms, including L/C, T/T, and Western Union.

With a supply ability of 15,000 tons, we can cater to the needs of various industries and provide quality products that meet their requirements. Our stainless steel rods are made from cold heading steel and are of high grade, ensuring their durability and longevity.
